Melvin Jones, Jr., CGFM
2010-2011 Chapter President

Advancing Government Accountability

The Nashville Chapter has the most loyal members in the organization. Out of 320 members, the following chart is a breakdown of the years of service our members have dedicated to this chapter.

Years of Membership

Nashville Chapter Association of Government Accountants

The National Association of Government Accountants (AGA) was established in 1950 and has been dedicated to the enhancement of public financial management and advancing government accountability. AGA serves the professional interest of individuals in local, state and federal governments by offering programs and services to forward its commitment to education and training, professional development, networking, publications and certification that recognizes the unique skills of government financial managers.

The Nashville Chapter of AGA is one of about 100 chapters across the country that promotes the organization's goals by providing professional support, education and training to members while serving their communities through volunteer activities.

The chapter was chartered on May 16, 1978 and serves the governmental financial community in middle Tennessee, northern Alabama and south-central Kentucky. The chapter is part of the Southeastern Regional governance structure.

Strategic Plan Framework

MISSION: The Nashville Chapter of the Association of Government Accountants provides quality programs, offers services and educational opportunities, fosters leadership and professional development and promotes certification to government accountability professionals.

VISION: To advance government accountability and create leaders in the government accountability community.

VALUES: *Accountability* — Promoting and advancing accountability in government.

Communication — Providing opportunities for members to learn and grow through education, meetings and networking events.

Diversity — Respecting the ideas and perspectives of all members.

Integrity — Fostering the highest professional standards of ethical conduct and behavior and of exemplary services to all levels of government.

Leadership — providing experience to members to advance leadership roles in government.

Service — Attending to the needs of our members, the governmental financial sector and the community.

Demographics	2011

Update Strategic Plan

The National Board of Directors approved the proposed changes to AGA's strategic plan at the 60th Annual Professional Development Conference and Exposition. We want to update our strategic plan to ensure we are aligned with national.

Encourage Citizen-Centric Reporting

In addition to preparing this citizen-centric report for our chapter, we want to encourage other entities in our area to prepare citizen-centric reports. We plan to work with at least two other entities to help them prepare a report to their constituents.

Renew Emphasis on CGFM

We want to promote the Certified Government Financial Manager (CGFM) as the premier certification for government accountability professionals in all levels of government. We plan to provide assistance to our members and others that are interested in pursuing this certification.

Increase Early Careers Membership

Our chapter has a great 33-year history, and we want to encourage early career individuals to get involved with AGA to keep our chapter strong for the future.
